Total No. of Questions – 20

Total No. of Printed Pages - 8

Part – I
ENGLISH, Paper – I

II

Time : 3 Hours]

[Max. Marks : 100

SECTION – A

I. Annotate any **two** of the following in about **10 to 15** lines each :

2 × 4 = 8

- (a) “Because I didn’t get my money’s worth,
that’s why !”
- (b) “It is thinking differently or doing something
different; doing something that might be quite
novel and unconventional in nature.”
- (c) “He must focus and focus relentlessly.”
- (d) “If muscles aren’t used much, they get flabby,
and that’s true of the brain, too”

II. Annotate any **two** of the following in about **10 to 15** lines each :

2 × 4 = 8

- (a) “It rots the sense in the head !
It kills imagination dead !
It clogs and clutters up the mind !”
- (b) “Holding a candelabrum before an idol,
Just once a year
Is desecrating it.”
- (c) “For without words, in friendship, all thoughts,
all desires, all expectations are born and
shared, with joy that is unacclaimed.”
- (d) “At kilve there was no weather-cock,
And that’s the reason why.”

III. Answer any **two** of the following questions in about **10 to 15** lines each : $2 \times 4 = 8$

- (a) How does human intelligence differ from robotic or computer intelligence ?
- (b) What did the teachers decide to do when Wasserkopf asked for a refund ?
- (c) Sudha Murthy was extremely determined and resolute. Justify this statement.
- (d) Explain the use of six thinking hats. How does it help in group discussions ?

IV. Answer any **two** of the following questions in about **10 to 15** lines each : $2 \times 4 = 8$

- (a) The poem, "A Spider and a Fly" is a celebration of beauty rather than utility. Justify your answer.
- (b) 'Could I but teach the hundredth part of what from thee I learn.' the poet exclaims. Describe the lesson that the father learnt from his son.
- (c) How does the poet contrast the celebration of Mother's Day in Western Countries and in our Country ?
- (d) "Who finds a faithful friend, finds a treasure." This is a Jewish saying. Do you agree ? Base your answer on Kahlil Gibran's, 'On Friendship'.

V. Answer any **one** of the following questions in about **25 to 30** lines each : $1 \times 8 = 8$

- (a) Why was the nightingale able to understand the sorrow of the student while the others were not ? How does she decide to help him ?
- (b) At the start of the bachelor's story how did Bertha's goodness reward her ? How did this change towards the end of the story ?
- (c) Datta found a solution to his problem. Did it really work for him ? Justify your answer.

SECTION - B

VI. Read the following passage carefully and answer the questions that follow : $5 \times 1 = 5$

The greatest disease is not T.B or leprosy, it is being unwanted, unloved and uncared for. We can cure physical diseases with medicine, but the only cure for loneliness, despair and hopelessness is love. There are many in the world who are dying for a piece of bread, but there are many more dying for a little love.

Questions :

- (1) What is the only cure for loneliness and despair according to the writer ?
- (2) Write the positive degree form of the adjective, 'greatest'.

(3) 'dying for a little love' means (Choose the best answer.) :

- (a) people fall in love and die
- (b) people prefer to die rather than to love someone
- (c) people crave to be loved and cared for

(4) What can we cure with medicine ?

(5) Write the antonym of the word 'love'.

VII. Read the following passage carefully and answer the questions that follow : 5 × 1 = 5

Some interviewers ask "puzzle questions" such as "Why are manhole covers round ?" or "How would you design Bill Gates' bathroom ?" instead of asking standard, technical questions. Interviewers who pose such questions say that these help to gauge the intelligence, resourcefulness or outside – the – box thinking needed in today's hypercompetitive world. The popularity of these questions is generally attributed to Bill Gates' Microsoft Corporation. The software giant receives over 12,000 job applications a month, so it has to be selective. The website of the company states, "We look for original, creative thinkers and our interview process is designed to find them."

Questions :

- (1) Give one example for puzzle question.
- (2) Why do interviewers pose such "puzzle questions" ?
- (3) Name the software company which first popularised the use of puzzle questions in interviews.
- (4) Write the adjective form of the word 'intelligence'.
- (5) The word 'hypercompetitive' in this context suggests that (Pick out the best answer.) :
 - (a) there is very little competition
 - (b) there is a lot of competition
 - (c) there may or may not be any competition

SECTION – C

Note : The answers to questions in this section should be written at **one place** in the answer book separately. The entire section should be answered in one stretch and not mixed with other sections.
